

CONCERNED ABOUT
SECURITY FOR
YOUR **BUSINESS?**

SECURE YOUR BUSINESS WITH TIDAL COMMUNICATIONS SECURITY SOLUTIONS

Business security is not just about cameras, it's about business continuity. A data breach can be more devastating than a break in, and both have the ability to bring your business to its knees. **Why take that chance?** Call Tidal Communications today for complete business security and continuity solutions.

We can protect your physical assets with a 24/7/365 Surveillance Plan:

- On site or remote viewing
- Monitor and control access
- Collect information for business analytics

We can protect your operations with a Business Continuity and Disaster Recovery Plan:

- Automatically re-route calls
- Provide access to communications services
- Prevent data loss with server backup on or off-site
- Secure networks and email encryption
- Firewall administration to prevent data theft or corruption

About Tidal Communications

Tidal Communications has grown into one of the largest New England Avaya Silver Business Partners. Our specialty is identifying and applying the latest in technology to improve client performance, then managing all the details of implementation and support. Imagine making one phone call to handle ALL your communications needs!

Q Is your confidential business and **customer data safe from hackers?**

Q Are your **physical assets being monitored for theft**, and are your building's entry and exit points being watched 24/7/365?

Q Will you be able to **maintain your business operation** in the event of a power failure or other significant negative event?

A If you answered "no" to any of these questions, then a call to Tidal Communications will connect you with affordable physical and data security solutions.

⇒ Tidal Communications can help with the best ways to protect your business.
